- All entries must 75% decorated. Antique vehicles are the only exception.
- Distance of 20 ft will be maintained between entries on the route. Marching units—musical or drill—must maintain a forwards motion—no countermarches. This also applies to motorized or mounted drill teams.
- Entries consisting of more than 10 components (cars, tractors, etc.) may be divided into two groups to provide spectators with varied views.
- **Parade assembly will be at 3155 Pleasant Valley Road.** Watch for signs to direct you to the appropriate drop off and parking areas. Large tractor trailer units are asked to be on site by 7:00 am.
- **Parade ends at Smith Drive and Rosedale Avenue**—all entries will continue on Rosedale back to the marshaling area, unless arrangements have been made with the parade committee. Equestrian entries, bands, and those required to be on the fairgrounds will proceed from marshaling area to Park Drive. Please ensure you have made arrangements with IPE security, and any parking passes are placed on your dashboard.
- **All entries** must be in marshaling area and in position by 9 am for judging. Bands should be ready to perform 2 short pieces.
- **Parade will leave the marshaling area at 10:00 am sharp** – ribbons will be handed out as parade leaves.
- **All animal entries** must provide **walkers and pooper scoopers**—no exceptions. Those failing to clean up after their animals will not be invited to participate in future parades.
- **No fires, candles, smoking or alcohol or near parade entries.**
- **Throwing of anything (candy, brochures, or giveaways) is not allowed.** Entries may provide walkers to give out candy. Those throwing items will not be invited to future parades.
- **Parade numbers** will be available after August 25th at the Chamber of Commerce office and they must be picked up in advance. The parade committee will allot parade positions—decisions by the committee are FINAL.
