PRIZES - RIBBONS ONLY For 1st, 2nd, & 3rd place Keeper Trophies for 1st place

* Exhibit labels will be supplied when exhibit received.

* Fill in information sheet for each entry and attach to bottle with elastic. Information sheets are available at the IPE office. Please ensure that you check in with the workers at the Wine Exhibit when you bring your entries to confirm that what you registered for entry is what you actually bring in. Also, it is extremely important that you identify properly what fruit or grape type you have used.

* Liqueurs may be presented in small liqueur bottles.

* Wine should be presented in plain uncoloured clear glass bottles with **plastic screw caps or plastic corks**. Bottles and caps should be clean, free from labels, seals, etc. Those who submit corked bottles must understand that re-corking may not always be possible and your product may be open while it is on display during the fair. We will do our best, but cannot be responsible for proper re-corking.

* Entries are limited to two (2) per class per exhibitor.

The intent of this division is to showcase "homemade" Wine, * Liqueurs and Beer. The rules allow for Kits to be used as long as they are "produced" at home. Those who make their wine or beer at "U-Brews" are usually not involved enough in the production for the product to be considered "homemade" are therefore disqualified from entry, unless you are the person working at the U-Brew who is directly in charge of "production". This is an "honour system" we hope entrants will adhere to.
